Mission Statement

‘Treat others as you yourself would like to be treated’

This Christian philosophy is the cornerstone of all learning and daily activities in Ballycroneen N.S. as every individual, regardless of difference is welcomed and treated with a mutual respect.

Ballycroneen N.S. is a co-educational primary school which aspires to promote and develop a warm, caring and happy environment for all to work, play and support each other.

We recognise that every child is first and foremost, a child.

Our school aims to provide a holistic and inclusive educational experience for all children regardless of difference while upholding a palpable Catholic ethos.

The staff endeavours to create a positive primary educational experience so that pupils’ primary school education will serve as a solid foundation for the rest of their lives.

We aim to develop children’s competence and confidence across a broad spectrum of needs so that each individual can develop and blossom intellectually, personally, morally, socially, physically, spiritually and culturally.

Ballycroneen N.S. fosters a positive rapport with parents, the community and wider social circles to entrench a deep-seated community spirit in our school for all with whom we come into contact.

Déanfaimid iarracht Gaeilge a labhairt chomh minic agus is féidir.
